- Requests are processed on a first-in, first-out basis.

**Questions? Contact the Division of Voting Systems and Standards at  
(217) 782-4141.**

Revised June, 2002

## ILLINOIS STATE BOARD OF ELECTIONS

### VOTER INFORMATION

**The State Board of Elections constructs voter files from information provided by 108 of the 110 Illinois election jurisdictions. Illinois counties (and 8 cities) submit data to the Board in May and December of each year; as well as at the close of registration prior to all elections.**

Two counties (Calhoun and Edwards) do not provide computerized voter data to the Board. Calhoun County has about 2700 registered voters in the 17th Congressional, 49th Senate, and 97th Representative Districts. Edwards County has about 3400 registered voters in the 15th and 19th Congressional, 54th Senate, and 108th Representative Districts.

Files are available on CD-ROM or 3.5" diskette. Diskette is only available for requests of 350,000 voters or less.

#### Costs

Entire state	\$2000
Supreme/Appellate District	\$350
Cook County	\$350
City of Chicago	\$350
Congressional District	\$200
Judicial Circuit (except Cook)	\$70
Legislative (Senate) District	\$60
Representative District	\$40
Others (\$40 minimum)	Call

## VOTER FILE FORMATS

### Preferred Format

- \* Suitable for most groups or individuals interested in voter data.
- \* Combines voter and voting history data into one file or table.
- \* Includes up to the last 10 elections if available. (Voting history availability varies by voter and by election jurisdiction).
- \* Available in Microsoft Access and comma-delimited text forms.

Those with special processing requirements may opt for one of the following formats.

### Standard Format

- \* May be requested with or without voting history.
- \* If voting history is included, provides two tables (files), one with voter data, and another containing voting history.
- \* Requires that the two tables (files) be *joined* to access voting history. This process requires knowledge of and experience with database software and programming.
- \* If voting history is requested, includes all voting history available for each voter.
- \* Available in comma-delimited text form only.

### Standard Format Full

- \* Similar to the Standard Format, but also includes address components divided into separate fields (when provided by the local jurisdiction).
- \* Appropriate for those interested in detailed analysis and processing of addresses, such as “householding”.
- \* May be requested with or without voting history.
- \* If voting history is included, provides two tables (files), one for voter data, and another containing voting history.
- \* Requires that the two tables (files) be *joined* to access voting history. This process requires knowledge of and experience with database software and programming.
- \* If voting history is requested, includes all voting history available for each voter.
- \* Available in comma-delimited text form only.
